Is Life Worth Living?

That depends upon the Liver. If the Liver is inactive the whole system is out of order-the breath is bad, digestion poor, head dull or aching, energy and hopefulness gone, the spirit is depressed, a heavy weight exists after eating, with general despondency and the blues. The Liver is the housekeeper of the health; and a harmless, simple remedy that acts like Nature, does not constipate afterwards or require constant taking, does not interfere with business or pleasure during its use, makes Simmons Liver Regulator a medical perfection.

I have tested its virtues personally, and know that for Dyspepsia, Billiousness and Throbbing Headache, it is the best medicine the world ever saw. Have tried forty other remedies before, Simmons Liver Regulator, and none of them gave more than temporary relief, but the Regulator not only relieved but oured.

H. H. JONES, Macon, Ga.

Do you Know?

That more ills result from an Unhealthy Liver than any other cause-Indigestion, Constipation, Headache, Biliousness, and Malaria usually attend it. Dr. Sanford's Liver Invigorator is a vegetable specific for Liver Disorders and their accompanying evils. It cures thousands why not be one of them? Take Dr. Sanford's Liver Invigorator. OHIO LEGISLATURE

COLUMBUS, April 11.—SENATE—The sonate ensoted into a law a bill by Mr. Clark, increasing the pensions of retiring patrolmen in Cleveland from 1500 to 1600, and that of the retiring chief of police from 1500 to 1605. Mr. Graft's bill, providing for the construction of a new bridge over the Great Miami river at Miamitown, was read the second time in the senate and ordered on the calendar for third reading Tuesday. Mr. Van Cleaf offered a joint resolution in the senate instructing the state supervisor of printing to have printed and bound 3,000 copies of the state building and loan inspector's annual report for the use of that official and fifteen copies of the same for each member of the legislature. One thousand of the copies to be distributed by the state inspector are to be printed in the German language.

HOUSE—Hon. H. M. Daugherty, of Fayette county, introduced a resolution fixing the date of adjournment as April 24. The resolution was received with marked frigidity and without even courteous attention. It was read and laid over under the rules. Hon. David Taylor, of Guernsey county, introduced a resolution suthorizing the state to purchase the engravings and electrotypes of "Howe's Historical Ohio" for 18,000, and to pay a royalty of 20 cents per copy to Mrs. Howe. Five hundred copies are included in the sales, three sets to be given to each member and the rest to the state librarian.

COLUMBUS, April 12.—SENATE-A number of COLUMBUS, April 12.—SENATE—A number of Hamilton county measures became laws Tuesday by their passage in the senate. Among them were three bills by Mr. Lillard. One of them provides that assessments levied to pay for street improvements in front of city property shall be paid out of the funds of the department controlling said property. Mr. Clingman's bill authorizing the issue of Cincinnati university bonds is a law, the motion to reconsider having been willidrawn. The senate amended Bruck's bill, which is to Columbus such an act as the Russell law is to Cincinnati, by exempting from license clairvoyants and by exempting from license clairvoyants and

by exempting from license clairvoyants and seers.

HOUSE—The house of representatives has exemplified the truth of both adages, and has, after much thought and consideration, passed Gaumer's second libel, after slaughtering the first one. The truth can, when the senate concurs, be pleaded in justification, and malice shall no-longer be presumed against unfortunate libelers. Senator Green's bill passed the house Tuesday and is now a law. It provides that the garnishee shall appear and answer on or before the time named in the summons for the defendant or defendants to answer the petition or other pleading upon which the attachment was granted. The house Tuesday afternoon passed a bill by Mr. Haskell providing that chattel mortgages need be refiled but once in three years, or at the end of the obligation, if it runs longer in the county where the mortgages relonger in the county where the mortgagor re

COLUMBUR, April 18.—SENATE—The senate Wednesday enacted into law Mr. Korte's bill authorizing the commissioners of Hamilton county to improve Michigan and Shaw avenues by grading and macadamizing at an expense of \$15,000, which is to be assessed against the owners of the abutting property. The senate adopted Mr. Burns' joint resolution providing for the appointment of a commission to establish a correct boundary line between Ohio and Indiana. A decisive stop was taken toward re-enacting into law Mr. Lullard's bill for the annexation of adjacent villages to the city of Cincinnati. Mr. Eckley, of Carroll, submitted a unanimous report from the committee on municipal corporations No. 1, recommending the bill for passage. The report was promptly agreed to by the senate.

HOUSE—After a wearisome debate the house Wednesday refused to pass the Griffin bill, providing for the creation of a number of new common pleas judicial districts. It was said to be a fair measure as far as politics went, but the democrats were shy of it, and most of them voted against its passage. Some republicans assisted them, and the bill went down—55 yeas, 86 nays—it requiring 72 votes to pass the same. Mr. Boesel, of the finance committee, reported back the general deficiency bill which was introduced last week. It was ordered on the calendar for to-morrow. It will most probably be passed this week and sent to the senate.

COLUMBUS, April 14.—SEMATE.—Lillard's annexation bill passed Thursday morning by a unanimous vote after the insertion of an amendment by Senator Fox, making the law applicable only to the torritory and municipal corporations lying contiguous to the "present"

applicable only to the territory and municipal corporations lying contiguous to the "present" corporate limits of Cincinnati. There was no discussion on the measure. The house con-curred in the amendment, and the bill is a law. The senate also passed a bill which provides that children over eight years of age may de-cide which parent shall have custody in cases where such parents are divorced and living worthy of having such custody. Also a bill which makes "Labor Day" a holiday. The ap-

propriation bill passed.

House—The house Thursday afternoon passed Mr. Griffin's bill to provide for the abolipassed Mr. Grimn's bill to provide to tion of grade crossings, with a number of amendments. When it is deemed necessary to amendments. When it is deemed necessary to abolish a crossing or to build a new way in substitution therefor, council or the county commissioners shall so declare by resolution. The Strehli street railroad bill was reconsidered Thursday morning on motion of Mr. Holcomb, and recommitted to the committee on corporations. Mr. Herbarger, house bill to provide and recommitted to the committee on corpor-ations. Mr. Hashbarger's house bill to provide for the labeling and marking of convict-made goods manufactured in other states, passed. The deficiency bill passed the house after a lit-tle breeze started by Mr. Haird, who objected to the growing evil of creating deficiencies. The bill appropriates \$155,907.59.

COLUMBUS, April 15.—SENATE—Bills passed:
Providing that all justices of the peace shall be
elected at the April election: providing that
when two or more counties shall unite in the
construction and operation of a work house the county commissioners shall select two electors of opposite politics to act as directors: pro-viding that marriage shall not disqualify a woman from acting as guardian; providing that the justices fee for making transcript shall be paid for before delivery; amending pharmacy law so as to provide that persons after five years's service as owner, manager or assistant in drug store, shall be entitled to certificate without examination. In addition a number of

without examination. In addition a number of local bills were passed.

HOUSE—Providing for accumulative work house sentences; providing for arbitrators' report to the probate court; providing that power of attorney shall be recorded; abolishing the general term of the superior court. Bills introduced: Authorizing the state sinking fund commissioners to issue certificates of indebtedness to the city of Columbus; authorizing the payment of twenty-six claims aggregating (2,257.50, against the fish and game commission; providing that probate judges shall remove incompetent trustees.

JAMES MCCARTY, a steelmaker at the Burgess steel works, Portsmouth, a few days since was frightfully scalded by falling into a vat of boiling vitriol and

water. Gov. McKinley has sent to the senate the appointment of William M. Hahn, of Mansfield, to be superintendent of insurance for the term beginning June 8, 1898, and ending June 2, 1896, vice W. H. Kinder, of Hancock county. The nomination was referred to the committee on insurance.

ADOLPH ZINNER, a Dayton hostler, died while taking the gold cure for dipsomania.

THE Henry county grand jury returned indictments against William Dillon and Milton Wright, of Dayton, for criminal libel. The former is a minister and the latter a bishop in the United Brethren church. The former is charged with publishing and the latter circulating "The Christian Conservator," a religious paper published in Dayton, containing an article alleging that Rev. Extra Session.

WASHINGTON, April II.—SENATE—Mr. Harris, of Tonnessee, offered a resolution, which was adopted, providing for the appointment of a committee of two to wait on the president and inform him that if he had no further business with the and inform him that if he had no further business with the senate it was ready to adjourn. A little later, while Platt was making a speech, Hoar entered a motion to reconsider. Later in the day the motion to reconsider went over on objection, and will come up Tuesday. Resolutions proposing investigations, during the recess, into the railroad business and into Indian affairs, very unexpectedly involved the senate in a discussion of the recent decision of the judges in the Ann Arbor strike cases. Senators Peffer, German, Call and Chandler spoke in favor of an inquiry to ascertain if it was necin favor of an inquiry to ascertain if it was necessary for the senate to take action in behalf of the workingmen. Senator Sherman spoke against the resolutions. The resolutions finally passed.

WASHINGTON, April 12.—SENATE—The proposed investigation into Senator Roach's career was taken up in the senate Tuesday behind closed doors and there was a long debate between the republican senators, who insisted upon an investigation, and the democratic senators, who oppose, it. At last a spirit of compromise prevailed and an understanding, which was not put in writing and which was differently construed by the senators, was reached that the committee on privileges and elections should meet Wednesday morning and agree upon a compromise resolution, proposing an inupon a compromise resolution, proposing an in-vestigation into the charges. This resolution is to be milder in form than the resolution of Senator Hoar. The matter thus went over for Senator Hoar. The matter thus went over for the day. The president Tuesday, when informed that the senate was ready to adjourn, said that he desired to nominate and have confirmed judges of the new District of Columbia court of appeals before adjournment, and intimated that this would probably require the senate to remain until next week.

VARIENCE ON, April 13.—SENATE—Senator Call, of Florida, is profoundly impressed with the idea that great inequality and injustice result from the mode in which the committees of the idea that great inequality and injustice result from the mode in which the committees of the senate are organized, and from the fact that their membership is not numerous enough to admit of a fair representation of the states. He, therefore, offered, in the beginning of the present extraordinary session, a resolution increasing to fifteen the membership of some half dozen of the leading committees. Wednesday he occupied the floor for nearly an hour in clucidating his views and advocating his resolution. It was laid aside without action. A resolution for an investigation of the claim of Mr. Joseph A. Ady to a seat as a senator from Kansas, by the committee on privileges and elections, was reported by the chairman of that committee, and was referred (under the rules) to the committee on contingent expenses. The last two hours of the day's session were devoted to the consideration of executive business, and then the senate adjourned till Thursday.

WASHINGTON, April 14.—SENATE—As soon as Mr. Sherman presented the memorial of the seventy-seven members of the Kansas legislature, charging that Mr. Martin had not been fairly elected, and that the seat properly belonged to Mr. Ady, Mr. Vest, of Missouri, moved, on behalf of the democrats, that the senate go into executive session. Mr. Hoar objected and secured a report from the committee on resolutions, authorizing the committee on privileges and elections to investigate the right of Mr. Ady to the seat now occupied by Mr. Martin. On demand of Senator Harris the resolution went over until Friday.

WASHINGTON, April 15.—SENATE—Senator

W. Markington, April 15.—Seware—Senator Rosch made a statement Friday in which he asked for an investigation of his case. Mr. Vance, chairman of the committee on privileges and elections, indicated a willingness to allow the investigation to proceed, but Mr. George (Miss.) declared there was a constitutional point to be considered that should make the senate pause. It was the question frequently discussed of late as to the right of the senate to go into the past career of a senator when the matter charged had no connection with his election to the senate. So the Rosch matter remains where it was. Chandler, of New Hampshire, made a long speech, mainly devoted to the citation and discussion of old cases, many of them arising in England. It was not as exciting as it was expected it would be. Senator Voorhees replied. The Rosch case seems far from a conclusion, and the cases of the appointed senators are likely to hang fire till after the ed senators are likely to hang fire till after the oming recess.

WASHINGTON, April 17.—SENATE—The ex-

traordinary session of the senate (after running exatly six weeks) closed Saturday. The proposed investigation of the charges against Senator Roach (Dem., N. D.), formed the chief Senator Roach (Dem., N. D.), formed the chief topic of the day's discussion. Three speeches were made upon the recent action of Commissioner Blount in withdrawing the American flag from the government building in Honolulu was the ground work for a resolution offered by Mr. Lodge, directing the secretary of state to inform the senate by whose authority the flag was low ered; in addition to this information Mr. Butler wants the senate to be informed at ered; in addition to this information Mr. Butler wants the senate to be informed at the same time by whose anthority it was hoisted. The resolution and amendment went over without action, objection to immediate consideration being made by Mr. Gorman. The president having informed a committee of the senate that he would have no further communication for the senate, an executive session was held between 5 and 6 o'clock, at which all obstacles to a final adjournment were smoothed away, and, after the doors were reopened and some little matters of committee investigations adjusted, the senate adjourned sine die.
